

Resignation or Official Enquiry Must Come at City Hall--Ald Robson Cancels Old Country Trip--British Government Will Take Steps to Vindicate Law in Ireland

MEDIATION TO END U. S.-MEXICAN ROW

President Wilson Gives Word of Huerta's Acceptance of Proposal.

All Americans Free to Leave the Capital--U. S. Head Greatly Pleased.

(By Times Special Cable.)
Washington, April 27.—After a conference with President Wilson today, Secretary Bryan announced that all arrangements had been completed to permit all Americans in Mexico to leave there. Seven hundred American men and women are preparing to re-embark the last remnants of the Mexican colony.
MEDIA TO ACCEPT MEDIATION. Washington, April 27.—President Wilson today cancelled his regular weekly conference with newspaper editors, owing to the Mexican crisis. To attend the President let it be known that unofficial advice reaching here from General Huerta would accept the mediation of the United States, Chile and Argentina in an effort to compose the Mexican difficulty was very pleasing to him.
POSSIBLE MEDIATION COURSES. Washington, April 27.—Swiftly moving changes in the Mexican crisis, estimating in the receipt of private diplomatic advice that Huerta, like the United States Government, had decided to accept the mediation of three South American powers, centred today in an attempt at amicable settlement. One line that representatives of Argentina, Chile and Brazil might follow, it was said, would be to deal directly with the arrest of the American bluejackets at Tampico and other incidents against American honor. Ambassador Riano of Mexico received the private advice of Huerta's reported decision, expected to be in a position today to place the provisional President's formal acceptance before the United States.

TAKE PROMPT STEPS IN ULSTER OUTRAGE

Says Premier Asquith in British House.

Speech Foreshadows a Serious Sequel.

(By Times Special Cable.)
London, April 27.—This grave and unprecedented outrage was the term used by Premier Asquith today in reply to a question in the House of Commons, as to the gun-running of the "Ulster Volunteers," who, in a strong armed force, landed 40,000 rifles and 500,000 cartridges at various points in Ulster on Friday. The Premier said:
"The House may rest assured that the Government will take without delay proper steps to vindicate the authority of the law, and to protect the lives and property of the King and His Majesty's subjects in the exercise of their duties and in the enforcement of their legal rights."
The Premier spoke gravely, as though foreboding the taking of steps which possibly will entail a serious sequel.
Over 100 questions were put to Mr. Asquith today in his dual capacity of Premier and Secretary of State for Ireland. He refused to say whether or not the Government was in a position to answer questions in regard to reports of the situation in Ulster, which reports are being issued as a consequence. He took the ground that the reports and orders were confidential.
As to the despatch of troops to Ulster, Mr. Asquith explained that the Government did not share the Premier's apprehensions that the movement would excite the country in a sense, and declared he thought it was the Government's duty to safeguard the stores and arms.
"Altogether, during question time, the Opposition obtained from the Premier only a small amount of material for the two days' fight on the subject, which begins in the House of Commons tomorrow."
Mr. Edward Carson, the Ulster Unionist leader, was a keen listener. The Premier's remarks raised a smile throughout the House during which Carson was catinched, was when the Nationalists greeted the Premier's remarks with a shout of "Hate off to the King."
Immediately after he had finished his remarks, the Premier called upon the Opposition to proceed in a motor car to Buckingham Palace to have an audience with the King.

INJURED IN ELEVATOR.

Harry Whitman, a young lad living in London street, narrowly escaped injury on Saturday afternoon, when he was caught in the elevator of the Herald office. Fortunately it stopped before it could travel far, and he was picked up by a passer-by. He was in a very serious condition, and the police removed him to the city hospital, where, after an examination, it was discovered that he had received a fractured leg.

SELLING FASP.

Small paper and male army are the first. But not secure a gallon before it is all gone. The first of the season's first run. Our maple syrup is the best made, and absolutely pure. See the display at our west window. A. G. Bain & Co.

BECKER'S TRIAL

Whitman Wants it to Open on May 6th.

(By Times Special Wire.)
New York, April 27.—District Attorney Whitman appeared before Justice Seabury today and moved for a special panel of three judges to sit on the jury for the second trial of Police Lieutenant Charles Becker, who is to be brought to the bar on May 6 for the murder of Herman Rosenthal, the gambler.
Mr. Whitman is ready to proceed with the trial on the day set, and it is understood that he has at least one new witness, but he refused to disclose any part of the revised prosecution.
It is expected that Martin Anton, Becker's new counsel, will apply on May 4 for a further delay, demanding that he may obtain complete familiarity with the details of the record of the first trial.
MORE BIRTHS
But Fewer Marriages Than During the Previous Year.

While there has been a decided increase in the number of births during the first three months of this year over the same period a year ago, and also several more deaths, the number of marriages has declined considerably. Vital statistics given out this morning by the City Clerk's department showed that up to today 830 had been compared to 232 during the first quarter of 1914. The increase in the number of births was as only 150, which, regarded by the health authorities as a good showing, considering the large amount of distress here during the cold months. The births totalled 834, compared with the year, for the first three months, the number was 710.

FOR OLD MEN

Ald. Littlewood Will Press His Motion To-morrow.

While the City Council to-morrow night will not have the opportunity to argue on Controller Morris' motion that the first city planning commission be appointed, Mr. Littlewood is expected when Ald. Littlewood, laid off from the employment bureau was started in the Board of Works last winter, he returned at once, to take the place of new and young men. The chairman has Controller Gardner and some other influential members of the council behind him, and some exciting talk is looked for.

No. For the Beach!

The few remaining lots in this survey are now being offered for sale. All the improvements have been completed and many attractive summer cottages have been erected and others are now being built. A lot here is certainly worth its weight in gold. See Kenmore Park advertisement.

MEN BEHIND THE CIVIC INVESTIGATION

ALD. THOS. ROBSON, ALD. CHESTER WALTERS, CONTROLLER MORRIS.
Who has called off trip to Old Land He is prepared to give all his time to pursue the inquiry. He demands resignation of officials responsible, or judicial action.

NAME MENTIONED TO-DAY, BUT NOT FOR PUBLIC

City Hall Scandal Is the Absorbing Topic of Conversation Among All Classes of the Citizens.

Ald. Robson Calls Off Old Country Trip--Ald. Walters Will Continue to Dig--Controller Morris' Stand.

Demanding the resignation of those responsible for the present mix-up in city hall affairs, Controller Morris is determined to have immediate action taken on the Board of Works investigation. He came out emphatically today with the declaration that if there was not a judicial inquiry started he would fight for the discharge or resignation of the official or officials to blame for bad work. "We should have adopted the partial report of the committee the other day," he said. "Personally, I will not be satisfied until we have the resignations of those to blame or a judicial investigation."

When asked for names, the controller emphasized that he had his view and knew the situation, but added that he did not want to make them known just now. "But there are certain barnacles on the civic ship that must be cleaned off. If there is a party or are parties that could manipulate things before we reached the new system, why, the new system is of little use. We must get at the person or persons responsible. There are two ways only, which I have stated, by a judicial investigation or by resignation."

FOR SUFFERERS

Better Response to Appeal For Newfoundland Wivors.

A better response is now being made towards the relief fund for the families of the mariners who lost their lives in the recent calamity on the banks of Newfoundland. T. L. Brown, secretary of the Board of Trade, who is looking after the local fund, announced that up to today \$200 had been received. This morning two cheques from individuals were sent in, one from Judge Sider for \$10, the other from the Frost Wire Company for \$10. In many of the ladies yesterday part of the collection was laid aside for this purpose, but up to press time no returns had been made.

THREE-CORNER CASE

Judge Meredith is Here to Take Up Civil Actions

Chief Justice Richard Meredith arrived in Hamilton this morning to conduct the sitting of the non-jury Supreme Court of Ontario, which opens this afternoon. Nine cases remain for disposition. The case of County of Wentworth vs. Hamilton Street Railway, with the City of Hamilton, as third party, will be the first case taken up. The county is suing for mileage for use of public street, along which the street railway line runs.

LANDLESS ONES SEIZE ISLAND

(By Times Special Wire.)
Montreal, April 27.—A London cable to the Daily Mail says the Isle of Tarasay, belonging to the Earl of Dunmore, has been seized by landless cottagers, who are holding it and overrunning the Earl's agents. The Earl is difficult of access, and it will take some time to send police there. The action of the cottagers is a direct result in view of the heavy punishment meted out to the cottagers of Lewis Island, who made a similar seizure there.

Currall's Famous Remedies.

We have received a complete assortment of Mrs. Francis E. Currall's famous female remedies, orange juice, stomach tablets, herbal tonic, curative massage, nerve-pain pills, and can supply them at the same price at which you purchase them direct from Park & Park, Market Square.

The Best Pipe Tobacco.

Storm King smoking mixture is the kind of tobacco that particular people smoke. It is sold for 10 cents a pack, or 10 for 25 cents at peace's pipe store, 197 King street east.

CAME TO HAMILTON

W. Z. Baseman Honored Before Leaving Ogdensburg

Ogdensburg, N. Y., April 27.—A number of friends and associates of William Z. Baseman, who resigned last week as principal of the Ogdensburg Business College to accept a position as secretary of the City of Hamilton, last Thursday evening here at Parley's restaurant. At the dinner Mr. Baseman was presented with a gold watch chain. There were about 25 guests in attendance. Mr. Baseman went to Hamilton on Friday and assumed the duties of his new position today.

PROF. LAVELL

Report That He Has Been Found in New Hampshire.

Dispatches from Meredith, New Hampshire, indicate that a man who is supposed to be the missing Prof. Cecil Lavell, has been found in that section, and went down to meet Mr. Lavell and other relatives. It is now five months since Prof. Lavell came to this city, hired a boat, went on Hamilton Bay and was never again seen or heard from. A constant search has been kept up ever since.

CITY PLANNING SCHEME WILL NOT BE DROPPED

Controller Morris Will Wait Until After Convention in Toronto.

Hopes City Will be Well Represented at That Gathering.

Not because he agrees with Mayor Allan that a commission on city planning is not necessary, but in hopes of converting his Worship to a different viewpoint, has Controller Morris decided to wait a few weeks before asking the Council to deal with his motion of motion that a responsible commission be appointed to make Hamilton the beautiful city. The controller announced this morning that he would wait until after the Civic Planning Congress had met in Toronto early in May. He expected to take Mayor Allan and other city officials down there, and he was sure that they would then realize the force of his motion. As an instance of what a commission might do, the controller alluded to the mountain. He pointed out that the needs there were many. A road leading at the head of Victoria avenue was necessary, and Chairman Morris had to be widened and made a good thoroughfare. "If that had been done, it would have saved a lot of bugging in connection with the incline matter," he said. Controller Morris urged another highway running up the mountain from the foot of the incline to behind a hotel Barton reservoir, where a grade of 2 per cent. could be easily had. Along this road of the mountain he suggested a series of from fifty to sixty-six feet in width; portions of land east of the theatre should be had by the city, and many other improvements were suggested. There, the controller also alluded to the waterfront and the room for good work there. There was talk of extending Wellington street, as an example, to be built along the new wall, and many water lots laid out to be secured, both in Gore's Parade and other parts of the bay. The rest end there were many. A road leading at the head of Victoria avenue was necessary, and Chairman Morris had to be widened and made a good thoroughfare. "If that had been done, it would have saved a lot of bugging in connection with the incline matter," he said. Controller Morris urged another highway running up the mountain from the foot of the incline to behind a hotel Barton reservoir, where a grade of 2 per cent. could be easily had. Along this road of the mountain he suggested a series of from fifty to sixty-six feet in width; portions of land east of the theatre should be had by the city, and many other improvements were suggested. There, the controller also alluded to the waterfront and the room for good work there. There was talk of extending Wellington street, as an example, to be built along the new wall, and many water lots laid out to be secured, both in Gore's Parade and other parts of the bay. The rest end there were many. A road leading at the head of Victoria avenue was necessary, and Chairman Morris had to be widened and made a good thoroughfare. "If that had been done, it would have saved a lot of bugging in connection with the incline matter," he said. STATED WHY HE WAS A CATHOLIC

Paulist Again Spoke to a Large Crowd

LECTURE SERIES

Will Continue All Week at the Cathedral.

Last night's address in St. Mary's Cathedral was one of the most interesting of the series, the subject being "Why I Am a Catholic." The edifice was crowded to overflowing, and those present, the majority of whom were Protestants, evinced much interest in the able discourse. These lectures will be continued each evening this week, and there are yet many interesting subjects to be discussed, and essential doctrines of the Catholic faith to be expounded.

In his lecture Father Conway said, in part:

"I am a Catholic because the Catholic Church guarantees to me, with a divine infallible certainty, the answer to my soul's ardent longing—the union with God through Jesus Christ, God's only Son, in a society of God-fondled, in a love made perfect by the presence of God within me.

"I am a Catholic because the Catholic Church answers the demand of my reason with its certain presentation of the complete revelation of God, satisfying the aspiration of my will and heart by its perfect interpretation of the commands and counsels of the Saviour. In a word, I am a Catholic because the Catholic Church gives me God—complete in his doctrine, law, love and worship.

"Three great problems have worried the minds of men from the beginning: Whence am I? Why am I here? Where am I going? The religious answer to these questions is the Catholic faith. What is the answer? These questions demand an authoritative answer.

FREE FROM VOICE OF DEATH.—I look around me and see millions of unbelievers, doubting, sceptics and indifferent. Some exalt man to the level of the Most High (pantheists); others lower man to the level of the beast of the field (materialists); some few declare there is no God (atheists); while others declare that he exists, but no one lives anything about Him or His plans (agnostic); or that he cares nothing for the creature he has made (deists); some declare the world too evil to be the product of a good God (pessimists); some declare that we should worship only the great men of the race (the religion of humanity); some declare religion to be merely a system of bodily healing (Christian Scientists); some declare one religion as good as another, finding themselves cowardly from all obligation (indifferentists); in a word, a great chorus of denial cries out every day its despair and its longing.

"I am a Catholic because the Catholic Church has always protested most strongly against indifference and unbelief, and because she tells me: 'I come from God. I am here in this world for God. I will one day, as a free, intelligent being, have to answer before the throne of God for every thought and word and deed.'

"I look around again and see millions of Christians, who profess to follow Jesus divided into two great camps, the first composed of men who deny the divinity of Jesus (liberal Christians), the second of those who accept it (orthodox Christians).

FOUNDED ON CHRIST.—"I am a Catholic, and not a Unitarian, because I build my Christianity upon that foundation stone, Jesus Christ, is a perfect man and perfect God in one divine personality and upon that foundation fact, Jesus Christ, of his own power, rose again from the dead. I am a Catholic because I

believe no one can profess to follow Jesus unless he admit the claim that he is God with the right to the allegiance of every man that consents to the world; that to deny his divinity is to deny the right to the Christian name.

"I am a Catholic, and not an orthodox Protestant, because I reject the teaching of the average non-Catholic Christian—One church is as good as another. What difference does it make what one believes?—an unreasonable, unchristian and, if understood, a blasphemous denial of the truth of the living God.

"I am a Catholic because I do not build upon a dead book, which cannot answer when it is cross-questioned. I am a Catholic because I reverence the sacred Scriptures which my church has ever kept safeguarded and interpreted in the word of God, allowing no one to stay within her fold who rejected any of the divinely inspired books.

"I am a Catholic because I know that a sublime and mysterious collection of books does not prove itself, but demands a divine, infallible witness outside itself to guarantee its meaning and safeguard the people from every error that human fallibility may read into its sacred pages.

CLAIM TO INFALLIBILITY.—"I am a Catholic because my church, by its claim of infallibility, is the only church that professes to represent the infallible Jesus, while other churches actually declare they are fallible voices that may lead men astray with regard to Christ's churches, doctrine, law and worship.

"I am a Catholic because my church is the one divine society ruled by St. Peter and his successors, the Bishop of Rome, appointed by the Christ. His church is the only infallible witness to His gospel; because my church is not torn about by the many sects, but stands secure and certain toward the eternal promise of God with one same teaching at all times and places; because my church has the perpetuation of Christ in the Eucharist, the perpetuation of His one sacrifice in the mass; the channels of His vivifying blood in the seven channels of His sacraments, the sacraments.

"I am a Catholic because my church knows no modern origins in Germany, England, Switzerland, or America, no modern founder like Luther, Henry VIII, or Calvin, and the like—no modern doctrine like justification by faith alone, private interpretation of the Bible, but because she goes back as the first church, to Jesus and the twelve apostles, to the times of the Roman domination, Palestine, holding all the old traditions that Jesus preached to the world."

QUESTION BOX.—Among the questions answered by Father Harvey were the following: Can you give a direct command from Scripture for keeping the first day of the week holy? No! It can be deduced from the Bible alone that the Sabbath day, which commanded that the Sabbath be kept holy has been set aside, and that the first day of the week is to be observed in its stead. Our warrant for that belief, however, is not in Scripture, but in the tradition of the church that the apostles made the change. Their right to do so is contained in the authority that Christ, the Lord of the Sabbath, gave to his apostles.

Does the Catholic Church believe that the ordination of a priest in the Anglican Church is valid? No! The mind of the church about the validity of Anglican orders was made clearly by Pope Leo XIII. in the Bull Apostolicae Curiae, of Sept. 13, 1896. His words run: "Wherefore, strictly adhering in this matter to the decree of the Pontiffs, our predecessors, and confirming them most fully, and renewing them, as it were, by our authority, of our own motion and certain knowledge, we pronounce and declare that ordinations carried out according to the Anglican rite, have been, and are, absolutely null and utterly void."

A decision of his, as he says, in line with the actions and decrees of preceding Popes. There had never been a formal, final decision on the point, but Anglican orders had been treated as invalid from the start. All Anglican clergymen who returned to the unity of the church, and wished to continue in the ministry, had been ordained unconditionally, in precisely the same way as one who was unquestionably a layman. The reasons for this verdict were two: First, the defect of form in the rite used, namely, the Edwardine Ordinal; secondly,

the defect of intention in the minister. The words of Leo are: "From this rite has been deliberately removed whatever sets forth the dignity and office of the priesthood in the Catholic rite. That form, consequently, cannot be considered apt or sufficient for the sacrament, which omits what is essential to signify it. The same holds good of Episcopal consecration. As the sacrament of orders, and the true priesthood of Christ, were eliminated from the Anglican rite, and hence the priesthood is in no wise conferred truly and validly in the Episcopal consecration of the Anglican rite, for the like for reason, therefore, the episcopate can in no wise be truly and validly conferred by it; and this the more so because among the first duties of the episcopate is that of ordaining ministers for the Holy Eucharist and Sacrifice."

With reference to the second reason why Anglican orders cannot be held valid Pope Leo said: "The church does not judge about the mind or intention in so far as it is by its nature something internal, but in so far as it is manifested externally, she is bound to judge concerning it. When anyone has rightly and seriously made use of the due form and the matter requisite for effecting or conferring the sacrament he is considered by the very fact to do what the church does. On the other hand, if the rite be changed with the manifest intention of introducing another rite not approved by the church, and of effecting what the church does, and what by the institution of Christ belongs to the nature of the sacrament, then it is clear that not only is the necessary intention wanting to the sacrament but that the intention is adverse to and destructive of the sacrament."

That Cramer and his friends who drew up the Edwardine Ordinal did not believe in man, nor in a sacrificing priesthood, nor in the sacramental character of orders, is historically certain. They threw out the ordinal previously used for the purpose of getting rid of the "blasphemous" fabric of the mass, and everything that bespoke sacrificial power in the sacraments of the church.

Give a Bible text to prove we ought not to eat meat on Friday, and one to prove we ought to fast in Lent. We do not find in holy writ any commandment appointing days or seasons for fasting except in Christians but we have in it good warrant both for specifying times to be observed in that way, and for the practice of fasting in sending out his apostles, our Lord Jesus Christ, to the various nations (Luke 9:1); a power and authority which they transmitted to their successors (Matt. 2:15). This is a power and authority which we are bound to respect since these men are Christ's ambassadors (II Cor. 5:20), and their commands are the commands of the Lord (I Cor. 7:17). To despise them is to despise Christ, the Father (Luke 10:16). It is by his authority that the church makes her various laws, that of fasting among them. Fasting is approved in Holy Scripture. Moses appointed a day of atonement on which the people were to afflict their souls (Lev. 16:29). For the fasted forty days on Mt. Horeb (Exod. 34:28). Elias did likewise (III Kings 19:18). Queen Esther fasted, neither eating nor drinking for three days and three nights (Esth. 4:16). Fasting, however, is a very common practice among the Jews. It is likewise a Christian practice and has been fasted for days on Mt. Horeb (Exod. 34:28). Elias did likewise (III Kings 19:18). Queen Esther fasted, neither eating nor drinking for three days and three nights (Esth. 4:16). Fasting, however, is a very common practice among the Jews. It is likewise a Christian practice and has been fasted for days on Mt. Horeb (Exod. 34:28). Elias did likewise (III Kings 19:18). Queen Esther fasted, neither eating nor drinking for three days and three nights (Esth. 4:16). Fasting, however, is a very common practice among the Jews. It is likewise a Christian practice and has been fasted for days on Mt. Horeb (Exod. 34:28). Elias did likewise (III Kings 19:18). Queen Esther fasted, neither eating nor drinking for three days and three nights (Esth. 4:16). Fasting, however, is a very common practice among the Jews. It is likewise a Christian practice and has been fasted for days on Mt. Horeb (Exod. 34:28). Elias did likewise (III Kings 19:18). Rowing Club to Play Brantford Team on Wednesday

Sawyers Won From Thistles In Exciting Game on Saturday

Lanc's and Dundas Play Fast Game to a Draw
—Other Games.

Saturday's results:
Division I.
Sawyers 3, Thistles 0.
Progressives 5, Guardians 0.
Dundas 1, Lanc's 1. Game stopped 10 minutes before time.
Division II.
Aylmer 2, Rangers 0, 20 minutes.
Central Y. M. C. A. 4, P. S. A. 0.
E. Y. M. C. A. 2, St. Matthew's 0.
Oakville 5, Conservatives 0.
Division III.
Winona 7, St. James 0.
The other two games in this section had to be postponed on account of the rain, and if of course will be played later on.

SAWYERS VS. THISTLES.
This game was took place at North End Park, and it must be admitted that the Sawyer's team have the best playing field in this city. This game drew a large crowd. Both teams had to take the field minus the services of their centre forwards, Craig, the Sawyer's centre, being unable to play on account of an accident while at work, while Lanc's absence was due to the illness of his mother. No doubt these players were greatly missed by their clubs. Both teams were confident of victory. It was 3:15 when the teams lined up, Thistles winning the toss.

THE PLAY.
Nelson kicked off for the home team and for the first ten minutes the play was all at mid-field, the kick being called upon to save his charge. An attack by the Thistles' forwards looked dangerous, but Nelson came to the rescue in fine style, clearing with a huge kick. A long shot by Lanc went over the bar. The play was stopped, owing to Money being fouled, but he soon resumed, Duncan getting away on the wing, sent across a great corner, which caused Foley to make a corner in saving, the kick being taken by the Thistles, and the play went on. Money, on the wing, was playing grand, and he was the leader in most of their attacks. Lanc and next in his own. The play was fast and very even, both teams attacking in turn, but the Thistles' splendid game both sets of backs were putting up, neither goal was called upon very often. The Thistles' great game for the Thistles, shooting wild when close. Money looked a certain score for the home team, getting away, and with only Foley to beat, he also scored. The Thistles' line going out of play on the touch line. Sawyers seemed to have a better understanding with each other, the Thistles, but there was a very little to choose between the Thistles, the Thistles' centre, and the Thistles' high dropping shot from about forty yards' range, which formed a double attempt to get the Thistles' catching the ball, he tried to just it with, but the result was that the Thistles' own goal. This seemed to give the Thistles encouragement, and they played better now than ever, but they did not keep the lead long. A clever piece of work by the Thistles' transfer to his partner, and Duncan scored a lovely goal, bringing the scores 1 each. From this point on, the Thistles went away, and were awarded a free kick. Kerr playing it well, saw Gorman, who was fouled by Money, with an open goal, shot wide. Half time was reached with the scores, Sawyers 1, Thistles 1.

SECOND HALF.
Baxter started play for the Thistles, but the home team were just to attack through Duncan, who sent in a long shot, which Foley cleared. At the other end the Thistles' forwards were in succession, but McDougall came to the rescue and cleared in fine style. Sawyers were in a better position on the upper hand and were passing hard. Mason gave Eplek a fine chance to put his side ahead, but he failed to accept it. A few minutes later Alnoworth was very unlucky. He hit a terrific shot, but the Thistles struck the bar and rebounded into play, with Foley keeping up the pressure, the home team were in a better position, and good work between Alnoworth and Alnoworth, led up to Sawyers gaining the lead. The Thistles' attack, and good work between Alnoworth and Alnoworth, led up to Sawyers gaining the lead. The Thistles' attack, and good work between Alnoworth and Alnoworth, led up to Sawyers gaining the lead.

SCOTTISH LEAGUE.
First League.
Alderslade 4, Hibernians 3.
St. Mirren 1, Ayr United 1.
Cardiff City 1, Swinton Town 0.
Claydon 3, Morton 0.
Rangers 3, Hearts 2.
Kilmarnock 3, Motherwell 0.
Raith Rovers 1, Queen's Park 0.

BURNLEY WINS CUP.
London, April 25.—Burnley beat Liverpool by one goal to nothing in the final round of the Burnley Football Cup played at the Crystal Palace to-day. King George was present. Result, Sawyers 1, Thistles 1.

The game was a good one, being fast and clean. There was one or two rather shady tricks played by the players. The home team were well served by their defence, Gorman, McDougall and McDougall, the latter being the best back on the field, and Alnoworth, a great goal keeper. All the ball backs played well.

Saturday and Sunday Games Postponed on Account of the Rain

Athletics Will Play First Game on Wednesday
With Niagara University.

After a rest of two whole days, the Hamilton Canadian League will get down to real work today at the H. A. A. grounds, and it is the intention of Manager Yates to make up for lost time. The game on Saturday with St. Louis was called off on account of rain, and on Saturday night Manager Yates received word from the manager of the Stars and Stripes team of Niagara Falls, that it would be necessary to call off the game there on Sunday, as the grounds would not be in a fit condition for a game.

No word has been received from the Hamilton team, but it is probable that the game will be played on Sunday. It looks as if it may have given up its intention of playing with the Hamilton team this season. If such is the case it is more than likely that Dolan will hold onto his first base position, but if Cora reports it is also likely that Dudley will be given a chance to show his speed on the initial sack.

Dudley worked out to first base on Wednesday, and showed so much speed that the fans were of the opinion that he was faster than Dolan. The latter is by no means slow, but according to reports Dudley has something on him as a first baseman.

The infield at the present time cannot be improved upon, and with Gil White, who is a first baseman, going right, the Hamilton team will have an infield this year that can compare with any other in the Canadian League.

The heavy rain of Saturday left Britannia Park in bad shape, and the ground keeper has promised to have the field in shape by Wednesday afternoon, and weather permitting, it is expected that the game will be played on Sunday. The local team in action against the Niagara University. On Friday and Saturday the Strollers of Toronto and the local team will play here respectively.

Ottawa, April 26.—Manager Frank Shaughnessy, in a letter to the club headquarters from the training camp at Chatham, made known that the personnel of the squad he would retain for this season in the Canadian League. He has released Pitcher Kuhl, of Cleveland; Pitcher Jones, of Toronto; and the fast, energetic and outfielder Jones, of Montreal.

Arnold, Lemond, at 115 pounds, is a fast runner, and during the three rounds there was not a moment during which fast action was not in evidence. The game was taken to Toronto to compete in the Canadian championship, three weeks hence. The only one possible, Whyte and Woods, the latter Toronto boy, was a third baseman. The Toronto club had the experience of this game, and the Toronto club had the experience of this game, and the Toronto club had the experience of this game.

Bennett and Letch, the latter twenty pounds heavier than the former, posed an interesting one. They were taken to Toronto to compete in the Canadian championship, three weeks hence. The only one possible, Whyte and Woods, the latter Toronto boy, was a third baseman. The Toronto club had the experience of this game, and the Toronto club had the experience of this game, and the Toronto club had the experience of this game.

The next speaker will be held a few days later. The Toronto club had the experience of this game, and the Toronto club had the experience of this game, and the Toronto club had the experience of this game. The Toronto club had the experience of this game, and the Toronto club had the experience of this game, and the Toronto club had the experience of this game.

The Toronto club had the experience of this game, and the Toronto club had the experience of this game, and the Toronto club had the experience of this game. The Toronto club had the experience of this game, and the Toronto club had the experience of this game, and the Toronto club had the experience of this game.

The Toronto club had the experience of this game, and the Toronto club had the experience of this game, and the Toronto club had the experience of this game. The Toronto club had the experience of this game, and the Toronto club had the experience of this game, and the Toronto club had the experience of this game.

The Toronto club had the experience of this game, and the Toronto club had the experience of this game, and the Toronto club had the experience of this game. The Toronto club had the experience of this game, and the Toronto club had the experience of this game, and the Toronto club had the experience of this game.

The Toronto club had the experience of this game, and the Toronto club had the experience of this game, and the Toronto club had the experience of this game. The Toronto club had the experience of this game, and the Toronto club had the experience of this game, and the Toronto club had the experience of this game.

Adrian, April 25.—In an exhibition game here this afternoon, the Ottawa Club, of the Canadian League, handed the local ballgame a 4 to 2 beating. Bullock's homer over the right field fence in the seventh with three men on base, three dead-end batters did fine work. Schocker, formerly with the S. and C. Club, of Detroit, held Adrian to five hits and two runs in six rounds. Adrian's two runs were made in the first, when Mitchell singled, Kater knocked and Adams singled safely to right.

Ottawa, April 25.—In an exhibition game here this afternoon, the Ottawa Club, of the Canadian League, handed the local ballgame a 4 to 2 beating. Bullock's homer over the right field fence in the seventh with three men on base, three dead-end batters did fine work. Schocker, formerly with the S. and C. Club, of Detroit, held Adrian to five hits and two runs in six rounds. Adrian's two runs were made in the first, when Mitchell singled, Kater knocked and Adams singled safely to right.

Baltimore Internationals May Shift to Another City

Regal Labels and Hamilton Lunch Lead in Brunswick League

League Leaders Meet in Scheduled Match on
Tuesday For Leading Honors.

In the big Ten-Pin League, which is being held on the Hamilton Bowling and Athletic Club's alley, James street north, the Regal Labels came from behind in the last lap and overtook the Hamilton Lunch, who have been leading the league all winter. Tuckett's Snokers are in second place. The Regal Labels and Hamilton Lunch rolls on Tuesday night, and a great game is assured, as the Hamilton Lunch are sure at the trimming the Regal Labels handed them last week. The first three teams are just separated by a game or two, so the games this week will be watched with much interest. The standing follows:

Team	Wins	Losses	Points
Regal Labels	10	0	20
Tuckett's Snokers	9	1	18
Hamilton Lunch	8	2	16
Northern's Pipers	7	3	14
Lord Leslie's	6	4	12
Woburn's Snokers	5	5	10
Royal Reserves	4	6	8
Cunningham's Killies	3	7	6
Woburn's Snokers	2	8	4
Holroyd's Kangs	1	9	2
Woburn's Snokers	0	10	0

F. Smith leads the bowlers with 179 average, and it looks as if he has the gold watch hung up by Klein & Binkley in his vest pocket. Bill Duffie is holding down second place by a safe margin, with Frank Viseau and Jim. P. Conway running close behind him. The league is now on the last lap, and many changes are expected. The scores follow:

Team	Wins	Losses	Points
Regal Labels	10	0	20
Tuckett's Snokers	9	1	18
Hamilton Lunch	8	2	16
Northern's Pipers	7	3	14
Lord Leslie's	6	4	12
Woburn's Snokers	5	5	10
Royal Reserves	4	6	8
Cunningham's Killies	3	7	6
Woburn's Snokers	2	8	4
Holroyd's Kangs	1	9	2
Woburn's Snokers	0	10	0
